

# Activating and installing your SIM card

- 1 Call our Consumer Engagement team at **1-800-478-5727** for SIM card activation. Have your SIM card number ready.

- 2 Pop out the SIM card to the **medium Micro** SIM size.

- 3 Open the Ethernet Port door and Install SIM Card (chip side down) into Slot A.

- 4 Connect **customer supplied ethernet cable** to “POE IN” and close the door.

- 5 Connect Data + Power adapter to the power supply and the GuardTec ethernet port.
